## ABOUT ME

---

I Am a 3<sup>rd</sup> Year BCA Student Who is also a Data Science Enthusiast. A quick learner who has worked with almost all types of frameworks in different types of programming languages and can adapt any skill easily.

## EDUCATION

---

<b>BCA</b>	Vimal Tormal Poddar BCA College Veer Narmad South Gujarat University	SGPA Between 8-9 in all Sem
<b>HSC</b>	Sir J.J. High School Gujarat Secondary and Higher Secondary Education Board	
<b>SSC</b>	Sir J.J. High School Gujarat Secondary and Higher Secondary Education Board	

## PROJECTS

---

### Student Management System

- A Student Management System with Different **login page** for admin, faculty, teachers and students.
- Teachers can take **attendance upload results** and manage students. Students can check their **results and other info**.

#### Software(s) Used: -

- HTML, CSS, JS for front end
- Backend with **Django**
- Database with **MySQL**
- Made whole system in PyCharm ide

### API System

- An API system where you can share an **api key** to other user so he can update database **without getting admin perms**.

#### Software(s) Used: -

- Backend with **Django**
- Database with **PostgreSQL 13**
- Made whole project in VScode

### House Price Prediction

- It's a **Data Science** Project to **Predict Prices** of the Houses

#### Software(s) Used: -

- **Python** for whole **analysis**
- Used an online ide called **Kaggle**

## SKILLS

---

**Programing Languages:** C, C++, Python, Dart, Java

**Web Development:** HTML5, CSS, JS

**Database:** MySQL, SQL, PostgreSQL, SQLite, MongoDB

**Frame works:** Django, Vue, Angular, Flutter, Flask

## FAMILIAR WITH

---

- I have developed many discord bots as well. know **discord.js** and **discord.py** libraries.
- I know many **Machine Learning Algorithms** and have used them to make **Predictions**.
- I have good Knowledge of **Data Structures and Algorithms** also and I can solve most of the questions on **leet code and hacker rank**.
- I can do **Mobile Developing** and **Handling Database**.
- Know bit of **TypeScript, Sass, Lua** programming languages.
- familiar with **Linux operating systems** have used many **Linux tools and in-built features**.
